From the Editors: Well where has summer gone? I think the rain has been good but I suspect we could do with a bit of dry weather! I am sure the Cherry Festival did not appreciate the odd drop of rain they received...feel disappointed for all concerned, especially with all of the hard work people have done to make it a success...oh well next year. Karen and I are opening up a shop selling Pallet furniture and homewares in Boorowa...well we think we are. We have not got the keys yet but hopefully within the next few days. Karen and I hope you have a wonderful xmas and new year. Eat plenty and drive safely. Merry Xmas.

Angus and Karen

Joke of the month:

Back on July 9th, a group of Pekin, Illinois bikers were riding west on I-74 when they saw a girl about to jump off the Murray Baker Bridge. So they stopped. George, their leader, a big burly man of 53, gets off his Harley, walks through a group of gawkers, past the State Trooper who was trying to talk her down off the railing, and says, "Hey Baby.....whatcha doin' up there on that railin'?" She says tearfully, "I'm going to commit suicide!!"

While he didn't want to appear "sensitive," George also didn't want to miss this "be-a-legend" opportunity either so he asked ... "Well, before you jump, Honey...why don't you give ole George here your best last kiss?" So, with no hesitation at all, she leaned back over the railing and did just that ... and it was a long, deep, lingering kiss followed immediately by another even better one.

After they breathlessly finished, George gets a big thumbs-up approval from his biker-buddies, the onlookers, and even the State Trooper, and then says, "Wow! That was the best kiss I have ever had, Honey! That's a real talent you're wasting, Sugar. You could be famous if you rode with me. Why the hell are you committing suicide?"

"My parents don't like me dressing up like a girl." It's still unclear whether she jumped or was pushed.

Vice President's Report DECEMBER 2017

Please use the *calendar of events published in the magazine*, discussed events at meetings and e-mail updates rather than the web site. A new Webmaster is taking over and I expect the old site will not to be updated. We wait with baited breathe. I've missed a couple of meetings so the Calendar is pretty rough, but I will endeavour to get things back on-track after our next meeting.

I expect that the Cherry Festival Car Show will be well past by the time you (anyone?) reads this and if it is even half as good as last year's it will be excellent. I think Autopro is taking it back next year and if that is the case, we can all take a pat on the back for our efforts in keeping the event going. I have seen some excellent "events" deferred for a year or two and it is hard work to get it back in the public's eye.

Well, one important event for our Club was the Christmas Party. I thoroughly enjoyed along with everyone else. We had a good venue, good food and most importantly, excellent company. Well done to all concerned. I think the Pres is muttering about a "Christmas in July". Members please get behind him to make it a memorable event.

In a change of direction from the above shop talk, I will relate our experiences with the Commodore on the last trip away. This is not specific to the Commodore, but anyone using a similar aged vehicle (1996) and is using it as a daily driver probably needs to be mindful of our experiences. One thing that I must add is that I am glad I had the Holden with the cast iron block, a version of the 308, cast iron heads and manual gearbox.

Like all tales it has a start and this was the Winter Wander. We duly set out with the mob for a Victorian tour. The first night was Tumut, a very pleasant drive and caravan park. The next day was spectacular going across the top of Australia with the landscape covered in snow and onto Cooma. A big op-shop there! That night Judy became ill, vomiting and unlike me going off her tucker. Things went downhill from there. I received a phone call that the last of her Aunts had died in Adelaide. Unlike her aunt, Judy did recover a couple of days later and our plan was to leave the group at Traralgon and head to Adelaide for the funeral and see other relatives etc.

The trip to Adelaide was uneventful and I must admit, the best part of Melbourne was the highway out. In Adelaide we did some touring, socialising and decided to head for home. This is a trip we have done numerous times before. Leave about 0730, head for Hay via Tailem Bend, Ouyen, Tooleybuc and one night in Hay. Next day is a relatively easy run home through Narrandera and Junee.

Probably a few of you will have heard me say that you must have a plan so that it can be changed. Well our plan did have a few changes. Nevertheless, we did head off and powered through the Adelaide Hill and made our scheduled stop at Tailem Bend to get petrol as it is just short of 300 km to Ouyen without much in between. Next time I'll continue.

Here is another joke from the Australian Financial Review 22-23JUL17 by Rowan Dean

"Did you hear about the age pensioner from Barwon Heads who slept like a log last night? She woke up in the fireplace."

Richard Penalurick

At a Car Dealership:

"The best way to get back on your feet – miss a car payment."

ON A PLUMBER'S TRUCK:

"We repair what your husband fixed."

In a Veterinarian's waiting room:

"Be back in 5 minutes. Sit... Stay..."

At the Electric Company:

"We would be delighted if you send in your payment on time.

However, if you don't, YOU will be de-lighted.

In the front yard of a Funeral Home:

"Drive carefully. We'll wait."
